CAARA

[CAARA](#) has been making us go loco ever since the opening in 2014, it wasn't a [PowerPacker](#) awardee for nothing. With organic and locally sourced ingredients as their USP hire CAARA for kick-ass canapés and their exceptional flying buffet to keep you going all through the party. Ranging from Italian to Indian, create a menu suitable for your guests and we assure they will be drooling over everything from Galouti to Kerala Chicken Stew. Add a bar service and have your guests swooning, because as much as we love bhang, a glass (or two, or three...) of wine can't hurt. Write to [CAARA](#) at catering@caara.com, and book yourself a day full of awesome.
